First fast food

John Montagu was the 4th Earl of Sandwich. He lived in England in the 17th century. He loved to sit at the table and play cards with his friends. John didn't like to stop for a meal. That is why he often asked to bring him meat between two pieces of bread.

Now people don't remember that story but still call this fast food a Sandwich. Today we usually put some butter on the bread. Some of us like to use different fillings as ham, cheese, or eggs.
